Inversion Fair Value Gap

A gap that price closes through, then uses the other way.

Ink.

Bearish gap, bullish use

Inversion

A bearish FVG gets closed through by a bullish body.

The gap flips: buy the return to it.

Using an IFVG

1

Needs a close

A body close fully through the gap.

2

Best after a sweep

When the drop that made the gap took a low.

3

Entry

The return to the inverted gap.

4

Stop

Below the gap or the swing low.
